EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Investment Trusts (Approved Company) (Tax) Regulations 2011 which make provisions in relation to the approval of companies as investment trusts for the purposes of section 1158 of the Corporation Tax Act 2010 (c. 4) and provisions in relation to the requirements to be met by investment trusts whilst approved and the treatment of transactions entered into by investment trusts.

Regulation 1 provides for citation, commencement and effect.

Regulation 2 amends regulation 19 (the income distribution requirement) in relation to the amount that an investment trust is permitted to retain in respect of an accounting period. A new measure of the maximum amount is included where the investment trust has accumulated revenue losses brought forward from previous accounting periods and where the investment trust is required to retain income by virtue of a restriction imposed by law. The latter provision replaces the exception to the distribution in requirement in regulation 22(2) which is omitted by these Regulations. A consequential amendment is made to regulation 20.
