Article 4 brings into force the following provisions of Part 3 of the Act (Health) on 1st October 2014 for the purposes of enabling regulations or orders to be made under those provisions—

section 96(4) which enables the Secretary of State by order to provide for the transfer of property, rights and liabilities from the Special Health Authority called Health Education England to the new body corporate called Health Education England (“HEE”);

sections 104(3)(b), (4) and (13)(a), 105(1) and (4) and paragraph 2(8) of Schedule 6 (and section 104(14) insofar as it relates to that paragraph) which makes provision in relation to local education and training boards;

sections 109(4) which enables the Secretary of State by order to provide for the transfer of property, rights and liabilities from the Special Health Authority called the Health Research Authority to the new body corporate called the Health Research Authority (“the HRA”);

section 119 which contains definitions and makes supplementary provision;

paragraphs 2(1) and (2) and 25 and 26 of Schedule 5 and section 96(2), insofar as it relates to those paragraphs, which relate to the constitution and accounts of HEE.

Article 4 also brings into force on 1st October 2014—

section 97(7) of the Act which makes an amendment to section 63 of the Health Services and Public Health Act 1968 (c.46), which enables the Secretary of State to make payments to persons who are employed, or intending to be employed, in the health service and are receiving education or training; and

section 118 of the Act which relates to the provision that may be made in a transfer order to HEE and the HRA.

Article 5 brings into force on 1st January 2015 all remaining provisions of the Act relating to the HRA for remaining purposes. These purposes will include the purpose of the committee appointed by the HRA under paragraph 8(1) of Schedule 7 to the Act giving advice. The Health and Social Care Information Centre is obliged by provision made by section 122(4) of the Act (that inserts new section 262A into the Health and Social Care Act 2012) to have regard, in exercising specified functions of publishing or disseminating information, to the advice of this committee. Article 5 therefore also brings into force section 122(4) of the Act (and section 122(1) of the Act insofar as it is not already in force).

Article 6 brings into force on 1st October 2014, section 121 of the Act which amends Part 11 (Property and Finance) of the National Health Service Act 2006(6) to make provision for a fund for the integration of the provision of health services with the provision of health-related or social care services.

Article 7 makes a transitory modification in respect of the commencement of section 17(8) of the Act for the purposes of making regulations under that section. It modifies section 17(8) so that, until section 15(1) of the Act comes into force (which prevents a local authority from making a charge for meeting an adult's needs under section 18 of the Act if the total costs accrued in meeting the adult's eligible needs exceed the cap on care costs), the regulations made under section 17(8) do not have to set out the cases or circumstances in which, if the financial resources of an adult with care and support needs exceed a specified level, a local authority is not permitted to, or does not have to, either pay towards the cost of providing care and support if the accrued costs do not exceed the cap or pay towards the amount attributable to the adult's daily living costs if the accrued costs exceed the cap. Rather, as modified, it requires regulations to make provision as to the cases or circumstances in which a local authority is not permitted to, or does not have to, pay towards the cost of providing care and support to an adult with care and support needs where the adult's financial resources exceed a specified level.

A full impact assessment has not been produced for this instrument as this Order itself has no impact on the private sector or civil society organisations.
